

# High Security Electric Strike

FSHFES20

12/26V DC with Holding Force up to 1490kg

## Features

- Up to 1490kg holding strength
- Simple power to lock/power to release interchange
- No loose pins and springs
- Pre-drilled for extension lips
- Mounting kit included
- Superior holding strength
- SCEC listing

Holding strength	Up to 1490kg
Voltage & Current	Dual Voltage 12-26V DC
	12V DC = 220mA
	24V DC = 120mA
	36V DC = 80mA
Approvals	SCEC Approved for secure area
Monitoring	Non-monitored
Function	Mortice mount, power to lock/power to release site interchangeable. Input voltage: 12/26VDC
