

Hardwired Detectors

NB338-4ARB, NB338-4B, NB323 & FMR-100

Detector options with optional flush kit

Arrowhead
Alarm Products

Combine the **FMR-100** to convert these detectors into flush mount

NB338-4ARB & NB338-4B

- Photoelectric detection
- Resetting (NB338-4ARB) or Latching (NB338-4B)
- Dual LEDs for 360° visibility
- Internal 70dB buzzer
- Magnet test feature
- LED's flash to show operation
- Optional flush mounting ring (FMR-100)
- Advanced detection and discrimination algorithms
- Easy installation and maintenance
- Sleek low-profile housing design
- Durable sensor head, no need for replacement
- Relay output, N/C or N/O selectable relay
- 98mm(dia) x 46mm(H) with base

NB338-4ARB

NB338-4B

NB323

FMR-100

NB323

- 4 wire Rate of Rise/Fixed temperature Heat Detector
- Advanced detection and discrimination algorithms
- Easy installation and maintenance
- Optional flush mounting ring (FMR-100)
- Durable sensor head, no need for replacement
- Dual LED for 360° visibility
- 98mm(dia) x 46mm(H) with base
