Security & Automation

Elite S Series

Arrowhead Alarm Products was **established in 1986** with a philosophy to provide top quality security equipment with an emphasis on expert back up and support. The Elite security & control system is designed and manufactured in our purpose built facility located in Albany industrial park.

On site we have a specialised team of software and hardware engineers complimented by our lead free high speed pick and place manufacturing plant and multi stage quality control system. Each and every product we manufacture is also tested in house. This start to finish process makes us so confident that we put a **5 year warranty on everything we build.**

Our exclusive **on line technical support** library and factory trained engineers provide unprecedented support for our loyal technicians.
